Global School
Nurturing mind, Cultivating values

(Affiliated to C.B.S.E, New Delhi)

School Annual Report 2021 -2022

By Mrs Natasha Jacob
(Principal St. Stephen's Global School)

St. Stephen's Global School, Shivpuri Road, Jhansi is a Christian Minority Institution started in the year 2012 by the Jacob Nursery School Samiti with an aim of providing value based quality education to the students of Jhansi and the surrounding areas. It is affiliated to the Central Board of Secondary Education New Delhi, which is the largest education board in the country and is duly recognized by Department of Education, Govt. of NCT Delhi and the Ministry of HRD, Govt. of India.

At St. Stephen's Global School, students have exposure beyond books and academia. School excursions, creative and performing arts, work exposure and social awareness activities are all part of a holistic education that enables students to develop into confident, poised, young adults who are equipped and ready to meet the challenge of a rapidly changing and demanding world.

We believe that love for education should be developed for children & conditions should be created for them to pursue a positive approach in life. What makes that possible is our trained and dedicated faculty who employ teaching methods that urge the students to question the conventional, challenge theories, validate hypotheses and employ analytical reasoning.

A unidirectional teaching method is being increasingly substituted by a multidirectional group workshop method. Here the teacher becomes the group coordinator initiating work, nurturing students, without the phobia of examinations and homework. It has remained true to its core strength - teachers, who inspire students to innovate and adapt in the fast changing world of today. Faculty at SSGS is highly dedicated, globally exposed and well-experienced to guide the destiny of the younger generation.

Mission Statement

To provide an outstanding intellectual, spiritual and physical education, combining tradition with the best of the present, which prepares students for their future.

ST. STEPHEN'S

Global School
Nurturing mind, Cultivating values

(Affiliated to C.B.S.E, New Delhi)

To foster a culture of developing a spirit of enquiring & curiosity, through inspirational & responsive teaching.

To develop and maintain the school's facilities to ensure that the physical environment of St. Stephen's Global School sustains the excellence of its education.

That provides & maintains the facilities to ensure that the physical environment of opportunities for every student to excel in a whole range of extra-curricular activities.

The school has dedicated management, teaching faculty, staff & active cooperation of the parents who believe in constant improvement & up-to-date teaching strategies. The school offers a variety of learning opportunities through organizing activities, workshops, and competitions.

Our teacher's role is to mould and encourage students for the all round development. So the teacher aims to enhance the child's self confidence and inner abilities. They keep encouraging students to take up extracurricular activities, as well as to excel in their studies. Hence they are prepared for verbal ability, content knowledge, pedagogical knowledge, and the ability to use a range of teaching strategies skillfully. In the classrooms they evaluate how much progress their students make on achievement tests and strategize to enhance more ways of progressing. They conduct classes to determine the achievements of the students. Their aim is to be a life changing role model in students life. They inculcate moral values that shape the students personality as better human beings. They have participated in various workshops on how to be more effective teachers and learners. Teachers have participated in various awareness programmes such as awareness of cancer and aids, health awareness, beti bachao beti padao, save the girl child, sukanya samridhi yojna. The biggest achievement is during pandemic teachers have shown great leadership and innovation in ensuring that learning never stops, that no learner is left behind. They have worked individually to find solutions and create new learning environments for their students to allow education to continue.
